FOTOGRAFIK 

PHOTOBOOTH

Our photo booth "The Blue Birdie" gives your event or party an extra dimension of fun. The booth is an eye-catcher at the event and the photos have a studio quality. A unique experience!

1 | OUR STORY

... TILL NOW

It started with a blue colored bird on top of the camera, like 'in the old days' where people were not allowed to move while taking a picture. If this was happening, the photo was blurry and the bird was gone. You can bet that your guests will be happy to bring out their most beautiful smile in our photo booth!
